## Travel & Tourism Taxes - Gross Taxable Room Rents

Gross Taxable Room Rents represent the equivalent of gross transient room tax revenues divided by the transient room tax rate. As such, it allows specific analysis of room rental performance without including other lodging amenities such as restaurants and gift shops that are included in the broader measure of nominal hotel sales.

Nominal hotel sales include not only the sales from the rental of rooms, but also other hotel sales, such as those from hotel restaurants, conventions, seminars, private clubs and gift shops (SIC categories 7011 through 7041). However, this data may exclude some businesses that file a transient room tax return, such as condominium rentals (SIC 6513).

As a share of total statewide sales, a county share of gross taxable room rents is equal to a county share of transient room tax revenues.

*Note: TRT Collections do not include the 1% to 1.5% municipal transient room tax imposed in some municipalities. Beginning in 1991, counties of the first class were authorized to collect an additional 0.5% transient room tax as part of the Tourism, Recreation, Cultural and Convention Facilities (TRCC) Tax.*

## Travel & Tourism Taxes - Transient Room Tax

The Transient Room Tax is applied to the rental charge for any suite, room or rooms, in a motel, hotel, motor court, inn or similar public accommodation for fewer than 30 consecutive days. This tax is in addition to the applicable sales tax. The tax rate is levied up to 3% of the rental charge as fixed by county ordinance. Currently, the tax rate is 3% in all counties.

The statewide TRT is distributed to the respective Utah counties for which the Tax Commission acts as agent. Counties may also choose to collect the tax themselves.

The TRT revenues may be used to establish and promote recreation, tourism, film production and conventions, to purchase or lease land and/or facilities related to convention meeting rooms, exhibit halls, visitor information centers, museums and related facilities, to mitigate the impacts of recreation, tourism or conventions in counties of the 4th, 5th and 6th class or to repay bond indebtedness.

No more than 1/3 of the tax may be used for "brick and mortar" expenses or bond issuance/repayment.

-- See Appendix C for specific tax code.

## Travel & Tourism Taxes - Restaurant Tax

The restaurant tax is one of the taxes counties may collect under the Tourism, Recreation, Cultural and Convention Facilities Tax first authorized by the state legislature in 1991. The restaurant tax portion consists of a tax of up to 1% of all sales of prepared foods and beverages sold by restaurants for immediate consumption.

The restaurant tax is the most widely used portion of the TRCC Tax. It has been adopted by 25 counties in Utah. Emery, Millard, Piute and San Juan Counties have not adopted the tax.

The tax is distributed to the counties that impose the tax based upon revenues from within each county's boundaries. The tax may be imposed for the purpose of financing, in whole or in part, tourism promotion and the development, operation and maintenance of tourist, recreation, cultural and convention facilities.

## Travel & Tourism Taxes - Car Rental Tax

The car rental tax is one of the taxes counties may collect under the Tourism, Recreation, Cultural and Convention Facilities Tax first authorized by the state legislature in 1990. Initially, the TRCC Tax allowed county legislative bodies to impose a tax of up to 3% on all short-term leases and rentals of motor vehicles, where such leases do not exceed 30 days. Three counties (Duchesne, Grand, and Uintah) impose the 3% Tourism Rental Car Tax. Beginning January 1, 1999, the county legislative body of any county could have imposed, in addition to the 3% Tourism Car Rental Tax, an additional tax of up to 4% on all short term leases of motor vehicles not exceeding 30 days, except for leases and rental of motor vehicles made for the purpose of temporarily replacing a person's motor vehicle that is being repaired. Seven counties (Davis, Morgan, Rich, Salt Lake, Sevier, Washington, and Weber) impose a Tourism Rental Car Tax at 7%.

The tax is distributed to the counties that impose the tax based upon revenues from within each county's boundaries. The tax may be imposed for the purpose of financing, in whole or in part, tourism promotion and the development, operation and maintenance of tourist, recreation, cultural and convention facilities.

Although not part of the TRCC Tax, the Statewide Motor Vehicle Rental Tax does impact total rental car taxes paid. The 1997 legislature imposed a 2.5% tax on short-term leases and rentals of motor vehicles not exceeding 30 days (this tax is in addition to the tourism-rental car tax imposed in certain counties and any applicable sales taxes or airport fees).

The tax is allocated to the Transportation Corridor Preservation Revolving Loan Fund in the Transportation Fund.

## Travel & Tourism Taxes - Gross Taxable Retail Sales

The Utah State Sales and Use Tax is 4.75%. The same rates apply to retail sales of meals, admissions to places of amusement, intrastate communication and passenger service, commercial electric, gas and heat utility service, hotel and motel accommodations and certain other services. There are several exemption provisions. Use Tax is charged at the same rates as above on tangible personal property that is purchased for use, consumption or storage in Utah.

Local city or county governments may make various additions to the State Sales and Use Tax as follows:

- Local Sales & Use Tax (1%)
- Mass Transit Tax (up to 0.5%)
- Rural Hospital Tax (1%)
- Botanical, Cultural, Zoo Tax (0.1%)
- Highways Tax (0.25%)
- County Option Sales Tax (0.25%)
- Resort Communities Tax (up to 1.5%)

-- See "Travel Tax Rates" for combined sales tax rates in each locality.
